

MATERIALS:

- A crayon
- Scissors to cut out holes
- An object from nature to represent the crayon
- 2 paper clips (or tape)

INSTRUCTIONS:

1. Fold along fold lines
2. Cut out holes
3. Paper clip or tape edges together
4. Put a crayon through one hole
5. Go outside! Find an object that reminds you of the crayon. Put it through the other hole.

WHAT'S THE POINT?

This is an imagination game, choosing what you want to match with a crayon. You can choose things that look like the crayon, or that feel like the crayon - you can even choose something that smells like a crayon. If you want, you can pretend you're finding the crayon a best friend.
