

**MATERIALS:**

- Your finger
- Scissors to cut out holes
- An object from nature to represent your finger
- 2 paper clips (or tape)

**INSTRUCTIONS:**

1. Fold in half along center fold line
2. Cut out holes
3. Fold along other fold lines
4. Paper clip or tape edges together
5. Put your finger through top holes
6. Go outside! Find an object that reminds you of your finger.  
Put it through the other hole.

**WHAT'S THE POINT?**

This is an imagination game, choosing what you want to match with your finger. You can choose things that look like your finger, or that feel like your finger - you can even choose something that bends like your finger. If you want, you can pretend you're finding your finger a best friend.
